

Dear Parents

As we are getting ready to return to kindergarten we are writing to keep you up to date with our new procedures. We will have these measures in place to impact your children as little possible and be reassured that they will have as much fun as always in the safest way possible. We will be rotating and washing toys as per the government recommendations also extra cleaning measures have already been implemented since June 1st.

Please could everyone ensure they follow these guidelines to keep us all safe.

If anyone in your household displays symptoms of Covid-19 eg. a high temperature, a new continuous cough or a loss of taste/smell please isolate and arrange to get a test.

All families must ensure they are following the current government guidelines in their everyday practice.

We will have procedures in place ensuring a socially distanced drop off and collection, please could you just have 1 adult per household bring and collect children.

Ideally children will arrive with no toys from home (let us know beforehand if you feel this will be a problem) and will wash their hands before entering the main room.

We will encourage frequent hand washing through the day and will use the catch it, bin it, kill it system for coughs and sneezes.

If a child develops symptoms during their time with us we will contact you and isolate them with an adult in our temporary medical room. We will ask that you or someone on your contact list collects them as soon as possible ideally within 15 minutes. Then arrange for your household to be tested before returning.

When you arrive at the end of the session to collect your child please wait outside in a socially distanced queue until we open the door then we will bring your child to you.

If for any reason you would like to have a chat with a member of staff just let us know and we can arrange this in another room-please bring a mask if possible.

Good communication is so important so if you have any questions or anything you would like us to add/qualify please do let us know by email text or phone call.

Let's work together to keep everyone safe,  
the Kindergarten team.
